

THR3 MONKEYS

CIDERS

Swedish cider is well known for its pure and sweet flavors, often made out of fresh fruit and traditional berries.

THR3 MONKEYS cider is created from traditional Pear which is more common amongst all cider brands than the new and crazy "Jungle Cider - Pink Guava & Passion Fruit". The flavors go hand in hand with our Monkeys.

Our ciders are preferred served ice cold during social occasions, a picnic in the park or just as a refreshing drink.
